

THE SET HAD COLOR VARIATIONS AND REGISTRATION ISSUES
MY THEORY IS THAT THERE WAS A SECOND PRINTING OF THE
FIRST RUN THAT HAD ADJUSTMENTS MADE TO THE SOME OF THE CARDS.

** MISSING YELLOW INK

THIS IS THE VERSION I
WANT TO FOCUS ON

WAS THE BLACK PLATE "MASKED OFF" OR CHANGED
TO ALLOW FOR MORE COLOR TO COME THROUGH?

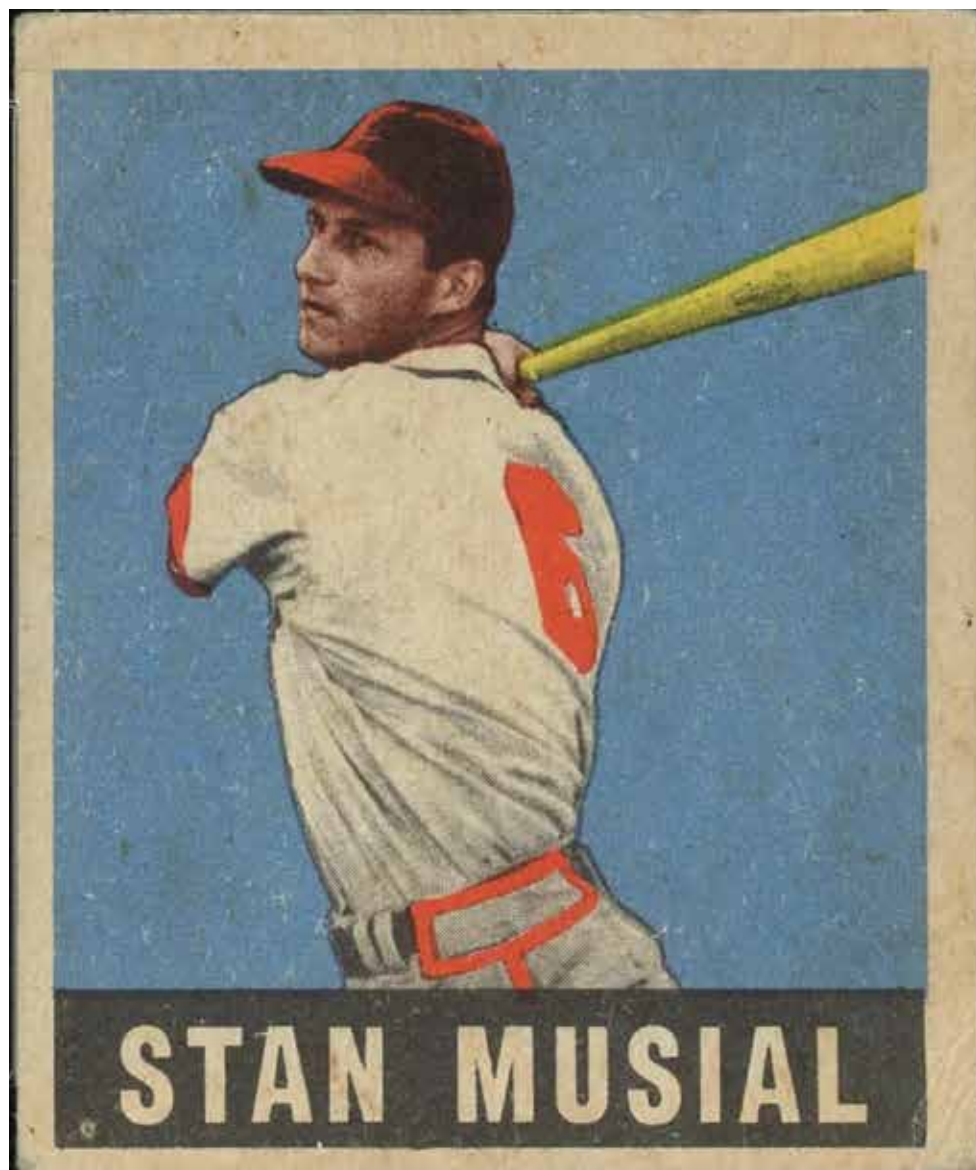

FIRST PRINTING

SECOND PRINTING WITH PLATE CHANGE

THE MORE "PINKISH" RED INK SEEMS TO ONLY APPEAR ON THE PRINTING THAT THE SMALL CHANGES APPEAR, IS THAT COMMON?

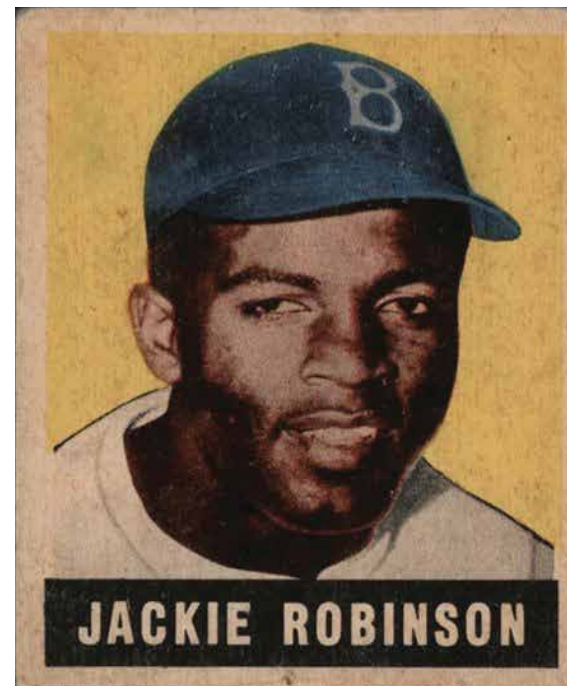

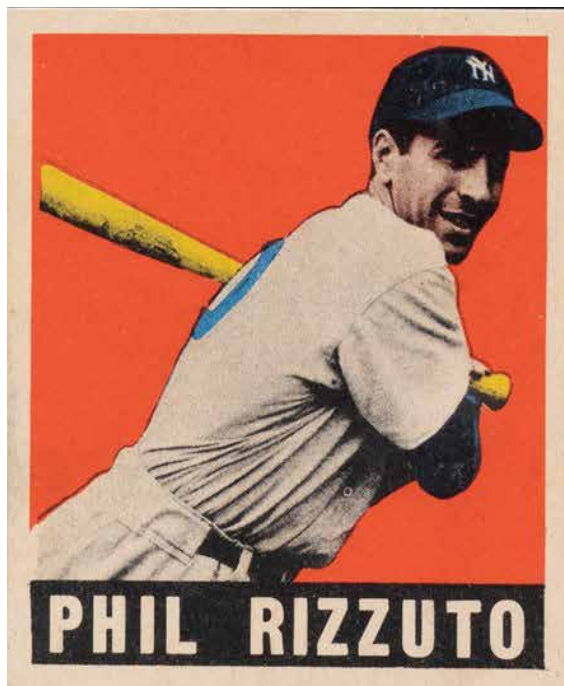

FIRST PRINTING

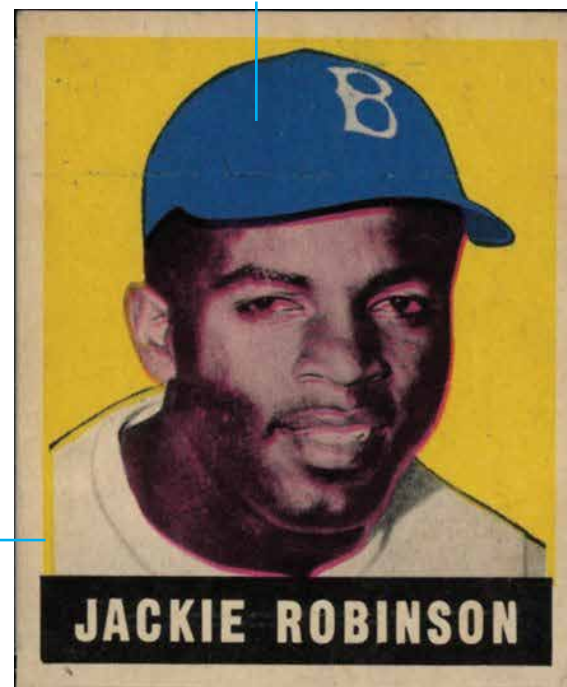

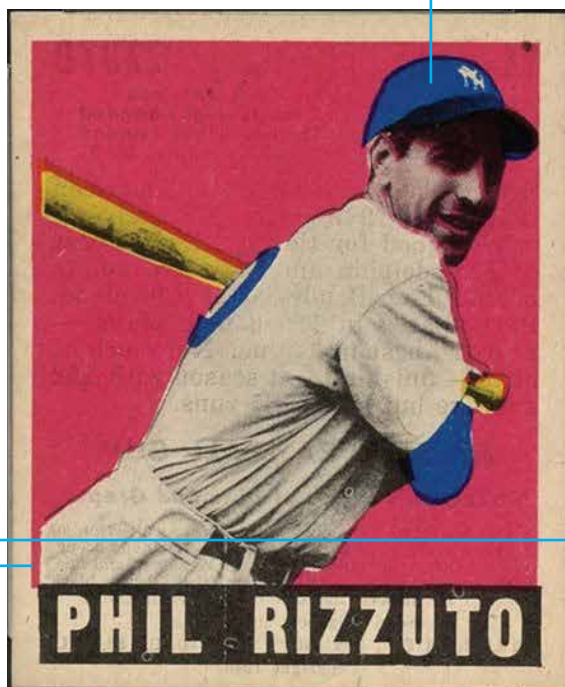

SECOND PRINTING WITH PLATE CHANGE

FIRST PRINTING

BACKGROUND FRAME ADDITION

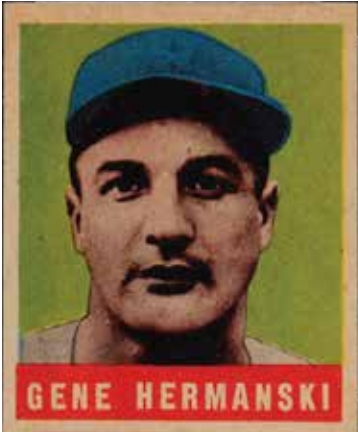

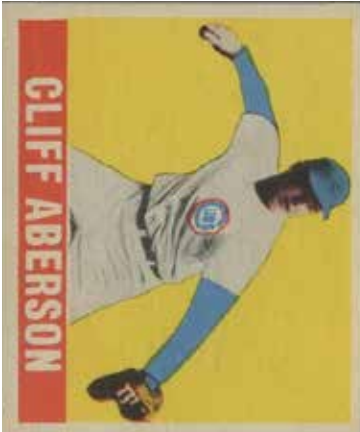

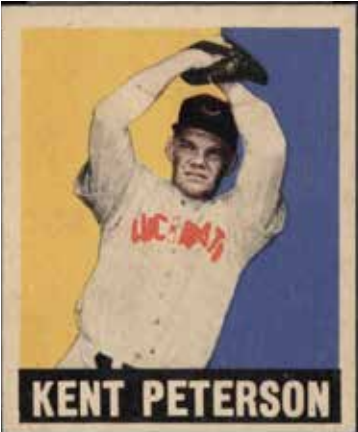

HAT DETAIL REMOVED TO MAKE COLOR BOLDER

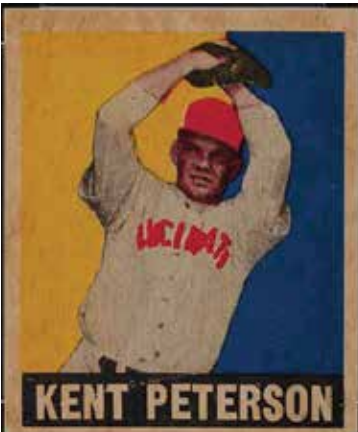

SECOND PRINTING WITH PLATE CHANGE

SOME OF THE CARDS NOT ONLY HAD DETAILS IN THE HAT REMOVED, BUT IT LOOKS LIKE COLOR WAS ADDED TO THE BACKGROUND SHAPES, WAS THAT COMMON?

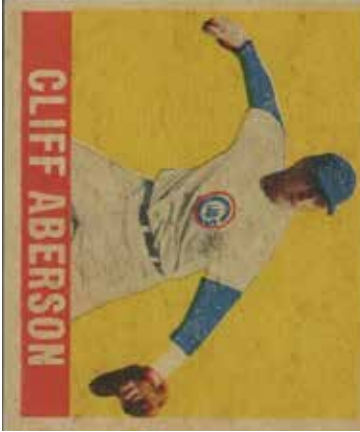

THESE ARE THE ONLY 3 THAT ARE RECOGNIZED BY THE INDUSTRY AS VARIATIONS, THOUGH THEY CONFORM TO CHANGES MADE ON SEVERAL CARDS

FIRST PRINTING

BLACK CAP/RED CAP

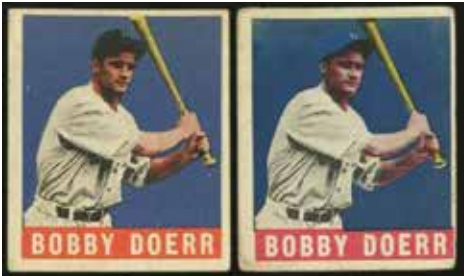

LONG/SHORT SLEEVE

NAME ERROR

(NOTE ON THE ERROR THE NAME DOESN'T SHIFT TO CENTER, THE "I" IS JUST GONE)

SECOND PRINTING WITH PLATE CHANGE

OTHER CARDS THAT I HAVE FOUND WITH HAT VARIATIONS, LEADING ME TO BELIEVE THAT THERE WAS A SECOND PRINTING, WITH CHANGES MADE
