Report of Activities

Louisa Louisa B. Smith, DO '25 Endowed Scholarship was established in 1991 by Louisa B. Smith, DO '25. The scholarship is awarded to female DO students with outstanding capability and strong motivation in osteopathic philosophy. When financially able, recipients are requested to make donations back to the fund equivalent to the original award plus 7% per annum. U.S. citizenship is required.

<u>Recipient Name</u>	<u>Award Amount</u>
Amirah Hill (DO '22)	\$2,675.00
Shivani Patel (DO '22)	\$2,674.00
Syara Slaughter (DO '22)	\$2,675.00

EXPRESSION OF THANKS

Shivani Patel
Osteopathic Medicine Class of 2022

Dear Mr. Smith,

I just wanted to offer my genuine thanks in helping me pursue my aspirations of practicing medicine. This scholarship is going to be instrumental in helping me adjust and move into the clinical third year of my educational studies. As I enter the clinical world of medicine and learn how to practice what I have learned in the past two years of my didactic education this scholarship will help me have an open mind and sense of gratitude to appreciate everything I will be learning.

As the first person in my family to attain the opportunity to attend a professional school the ability to have some of the financial burden lifted is such a privilege. This has allowed me more time to be able to give back to the community through being a part of the Atlanta Hotspotting Program. This program is a collection of medical health professionals throughout the Atlanta schools that work together to ID patients that are at high risk. This is a collaborative effort to help us assist these patients to have better health outcomes as well as learn skills to take with us into practice to be the best physicians we can be.

Ultimately this privilege to have some of the financial burden lifted as well to know that there are PCOM alumni that care so much about the future of PCOM and medicine. The path of medicine and healthcare can be a difficult one and its genuinely heartwarming to know that the alumni of PCOM care so much to help the current students on their path to achieving their dreams.

Thank you,
Shivani Patel

EXPRESSION OF THANKS

Dear Mr. Smith,

Thank you so much for providing me with the opportunity to apply for such a distinguished scholarship. I am truly grateful and honored to have been selected as a recipient and I know that it will be invaluable to me as I continue on my journey as an osteopathic physician. It is my hope that in the future, I will be able to pass on this gift to the next woman and osteopathic medical student that comes behind me. Thank you for your generosity and your desire to give back to the future of osteopathic medicine so that we can continue to focus on caring for the health of our patients and those in need.

With much gratitude,
Amica Hill
