**OBJECTIVE:** To utilize and expand production graphic design skills, knowledge and experience in a challenging position to the fullest extent.

**EXPERIENCE:**

4/07 – Present.....Production Artist

*Monarch Imaging – Strongsville, Ohio (Cyber Graphics, LLC – Memphis, TN)*

- Preflight and assemble customers' artwork files for creation of film, in addition to flexographic and magnesium printing plates. Assorted packaging products included coffee bags, milk cartons, pet food bags, and labels.
- Various tasks consisted of creating layouts, trapping, object screening (via Esko ArtPro), creating vector artwork, content adjustment, proofing, film output, designing packages, and other additional duties as directed by management.

7/01 – 4/07.....Production Artist

*Sensical, Inc. – Solon, Ohio*

- Preflighted and assembled customers' art files in preparation for outputting to film used for silk-screen printing. Tasks included creating layouts, trapping, color correction, proofing, and designing a variety of signage.
- Created and assembled various signage and material shapes using CAD/CAM equipment and large-format printer (ex. FedEx truck/van decals).
- Created artwork and die lines for OEM, automotive, and P.O.P. customers.

6/99 – 05/01.....Graphic Designer/Digital Output Coordinator

*Kinko's - Woodmere, Ohio (currently FedEx Office)*

- Designed creative documents ranging from flyers and brochures to business cards and logo designs under pressing deadlines.
- Provided expert consultation for customers.
- Preflighted and assembled files for preparation of printing and/or copying.
